

Extended Service Program

for Residential Swimming Pool Liners

The strength and durability of all Radiant Pool liners are backed by a Standard 15 year Limited Warranty which covers manufacturing defects in materials and workmanship. However, the warranty does not cover the cost of labor or water in the event the liner needs to be re-installed.

In an effort to minimize those costs to you, Radiant Pools introduces the **Liner Plus Extended Service Coverage** program. Under the Liner Plus program, labor and water are reimbursed up to \$1000 on any liner replacement covered under the standard warranty. This program includes replacement liners as well as liners included with any Radiant Pool kits.

METRIC ROUND POOL LINERS

When you enroll in the Liner Plus Extended Service Program, you will be reimbursed up to \$750 for labor and water expenses on any liner replacement covered under the Standard 15 year Limited Warranty.

INGROUND & KEYSTONE POOL LINERS

When you enroll in the Liner Plus Extended Service Program, you will be reimbursed up to \$1000 for labor and water expenses on any liner replacement covered under the Standard 15 year Limited Warranty.

**When it comes to quality and service,
we've got it covered!**
