

RADIANT POOLS METRIC SERIES RESIDENTIAL SWIMMING POOL NON-PRORATED LIFETIME LIMITED WARRANTY

This Warranty, offered by Trojan Leisure Products LLC, d/b/a Radiant Pools, herein called the "Manufacturer," is effective upon completion of payment by purchaser and registration of the warranty card provided with your product. Manufacturer warrants its manufactured swimming pool components only against manufacturing defects. These components include wall panels, panel connectors, top and bottom channels, all aluminum bracing components, splines, adapter kits, and aluminum nuts and bolts only. This Warranty does not extend to equipment and other accessories not manufactured by Trojan Leisure Products, LLC. Manufacturer provides no other Warranties than those set forth herein. This Warranty is subject to the following terms and conditions:

Shipping: Purchaser is responsible for all shipping charges incurred for any item returned for repair or replacement.

Costs: Purchaser is responsible for the cost of installation of any item repaired or replaced under this Warranty.

Notification and Delivery: Purchaser must notify Manufacturer of any defect and deliver such defective item to Manufacturer, shipping costs prepaid, to: 440 North Pearl Street, Albany, NY 12207. Manufacturer will repair or replace defective items, subject to the terms of this Warranty, within thirty (30) days of receipt, unless purchaser is otherwise notified.

Maintenance: Failure to maintain your Radiant Pools vinyl liner swimming pool in accordance with Manufacturer's standards and specifications may void this Warranty.

Warning: For maximum use and enjoyment, your Radiant Pool must be kept filled with water at all times. Manufacturer shall not be responsible for any irregularities or imperfections that may result when water is removed, by evaporation, undiscovered liner leaks or otherwise, from your Radiant Pools vinyl liner swimming pool.

Winter Damage Provision for Metric Series Pools Only: The Manufacturer will replace or repair any of its manufactured swimming pool components, as set forth above, damaged due to the ill effects of ice or snow directly on pool only. Purchaser must notify Manufacturer of such damage and complete a winter damage claim form. Manufacturer will repair or replace the damaged manufactured swimming pool component within thirty (30) days of receipt and final processing of winter damage claim form. Any damage resulting from Ice Drop is excluded from this Warranty. Ice Drop occurs when water is lost during the winter, causing the water level to fall below the ice cap, which causes the ice cap to drop into the pool as it thaws, thereby damaging the pool

walls and/or compression seams.

Impact Damage: Damage resulting from impact of any objects such as tree limbs or vehicles is excluded from this Warranty.

Use of Thermoplastic Step Units: Thermoplastic steps are approved for use on Metric Series Pools only if the steps are installed fully in the ground. Use of Thermoplastic Steps on Metric Series Pools must be installed according to Manufacturer's instructions, which includes the use of the Manufacturer's stair mounting kit. Failure to strictly follow instructions will void all warranties.

Use of Radiant Inside Step Unit: Radiant Inside Steps are approved for use on Metric Series Pools installed above the ground and/or up to 18" in the ground. Radiant Inside Steps on Metric Series Pools must be installed according to Manufacturer's instructions. Failure to strictly follow instructions will void this Warranty.

Registration of Warranty: After reading your Warranty, please complete and return the enclosed registration card or submit your registration online at radiantpools.com/pool-owners/warranty-registration within sixty (60) days after delivery of your Radiant Pool, or within thirty (30) days after installation of your Radiant Pool if installation is completed within a period less than sixty (60) days after delivery. UNLESS OUR REGISTRATION RECEIVED AS DIRECTED, THIS WARRANTY IS NULL AND VOID.

Transfer of Warranty: The provisions of this Warranty are personal to the original purchaser of the Radiant Pool. This Warranty is 100% transferable from the original purchaser. The new owner must obtain a warranty transfer card from the original purchaser to be submitted to Manufacturer within sixty (60) days of purchase to maintain warranty.

ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY LIMITED TO THE DURATION AND SCOPE OF THIS WRITTEN WARRANTY. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. UNDER NO CIRCUMSTANCES SHALL TROJAN LEISURE PRODUCTS, LLC BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, ANY DAMAGES FOR LOSS OF USE OF POOL, INJURY TO, OR DEATH OF, ANY PERSON, OR DAMAGE TO PROPERTY, AND ANY CLAIMS THEREFORE ARE HEREBY SPECIFICALLY DISCLAIMED AND EXCLUDED. SOME STATES DO NOT ALLOW THE EXCLUSION OF SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. THEREFORE, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

IMPORTANT SAFETY INFORMATION

Enclosed in the liner box is the safety envelope. The safety stickers must be installed as per instructions. Failure to properly install warning labels will void warranty. Alert all visitors and family of the risks associated with jumping and/or diving and point out all warning labels supplied. Failure to mount these safety labels may subject you to substantial liability in case of injury.

Your pool is designed for years of pleasurable, safe family fun. However, when used incorrectly, a swimming pool can be dangerous. To insure your pool is used safely you must observe the following safety precautions:

1. Do not dive, do not jump, no rough play, no running or pushing.
2. Be sure to install all safety labels provided with your pool according to the safety instructions.
3. Keep a 50' safety rope with a flotation buoy with an outside diameter of 15" accessible in a prominent area by your pool.
4. Post near all entrances to the pool area a list of telephone numbers for the following:
 - a. Local police
 - b. Local fire department
 - c. Local rescue unit
 - d. Local ambulance service
 - e. Local hospital
 - f. 911 emergency number, if available
5. Provide fencing or an enclosure which is independent of the house as a closure around the entire pool area. The fencing must be made of durable material, a minimum of 4' high from ground level and with closures with self-latching locks to make the pool inaccessible to toddlers and uninvited guests. Make sure the gate is always closed. Be sure to follow local building code requirements for load capacity and fencing if using an aftermarket or homebuilt deck.
6. Check with your local town or municipality in regard to obtaining a building permit and/or an electrical permit. The installer shall follow the regulations for set backs, barriers, devices and other conditions.
7. All electrical outlet connections should be a minimum of 5' from the outside perimeter of the wall of the pool. From 5'-10' there should be either a fixed connection (outlet box) or twist lock connection with a GFCI. Connect power cords to a 3-wire grounding-type outlet only.
8. Severe electrical shock could result if you install your pump or filter on a deck. They could fall into the water causing severe shock or electrocution. Do not install on a deck or other surface at, above or slightly below the top ledge of the pool, within 5 feet of pool water edge.
9. Do not sit, stand or climb on the pump and filter or any part of the pool structure. Components such as the filtration system, pumps and heater must be positioned so as to prevent their being used as a means of access to the pool by young children.
10. Never drink alcoholic beverages or use any intoxicants which could hinder your judgment and reflexes.
11. Never use the pool alone. All children must be supervised continuously.
12. Do not use pool if bottom is not clearly visible. At night, sufficient lighting must be available. It is the pool owners' sole responsibility to provide adequate lighting for the pool bottom, safety signs and walkways, which exceeds minimum standards of the IES of North America.
13. Be sure that all toys, chairs and tables or similar objects that a young child could climb on be at least 4' from the pool.
14. Do not use pool during electrical or rain storms.
15. See available Association of Spa and Pool Professionals (APSP) publications for more tips on pool safety.
